REQUESTED ACTION STATEMENT

TO: Recreation Commission
Common Council
Mayor Dave Ament

FROM: Katie Roth, Recreation Manager

RE: Requested Action Statement for the recommendation of approval to the Common Council of the Athletic Field Use Guidelines for the 2024 Outdoor Sports Season.

DATE: October 31, 2023

REQUESTED ACTION: Requested Action Statement for the recommendation of approval to the Common Council of the Athletic Field Use Guidelines for the 2024 Outdoor Sports Season.

FISCAL IMPACT: The Athletic Field Use Guidelines fees are increased to reflect the current staffing fees and supplies needed to prep and maintain the fields.

RATIONALE/BACKGROUND: The Athletic Field Use Guidelines fees are increased to reflect the current staffing fees and supplies needed to prep and maintain the fields and equipment:

- Diamond Dry is now \$13/Bag
- Park maintenance's In-House Cost is now \$57/HR
- Park Seasonal Staff are now \$15/HR
- Portable Restroom Package has increased from \$246 to \$275.
- User fee for soccer fields has increased from \$26/per team per season to \$120 per team per season to maintain and line soccer fields.
- Concession trailer rental fee increased from \$100 to \$200.

The proposed adjustments to the Athletic Field Use Guidelines fees have been carefully deliberated upon to ensure the sustainable maintenance and operation of our community's athletic fields. Several key factors have necessitated these fee increases: increased operational costs, staffing and

equipment expenses, enhanced field maintenance, and improved amenities and services.

The implementation of these fee adjustments is vital to the continued provision of high-quality, safe, and well-maintained athletic fields for the benefit of our local sports community. We remain committed to ensuring that these facilities meet the standards necessary to foster a vibrant and thriving sports culture within our community.

REGISTRATION INFO

Due to increasing concerns about concussions in youth sports, we ask that you please review the following information, in accordance with Wisconsin Act 172, statute 118.293. Our participants' safety is our number one concern!

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a "ding", "getting your bell rung" or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS & SYMPTOMS OF A CONCUSSION?

Signs and symptoms of a concussion can show up right after the injury or may appear days or weeks after the injury. If an athlete reports one or more symptoms of concussions listed below after a bump, blow, or jolt to the head or body, they should be kept out of play the day of the injury and until a health care professional, experienced in evaluating concussions, says they are symptom free and OK to return to play.

SIGNS REPORTED BY COACHING STAFF:

-Appears dazed or stunned -Forgetfulness/confusion
-Moves clumsily -Answers questions slowly -Loses consciousness
-Shows mood or behavior changes

SYMPTOMS REPORTED BY ATHLETES:

-Headaches or pressure in the head -Nausea or vomiting
-Balance problems or dizziness -Blurry vision
-Sensitivity to noise -Memory problems -Confusion
-Feeling sluggish, hazy, or groggy

CONCUSSION DANGER SIGNS:

In rare cases, a blood clot may form on the brain of a person with a concussion. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body they exhibit any of the following danger signs:

-One pupil is larger than the other -Cannot be awakened
-A headache that gets worse -Slurred speech -Seizures
-Repeated vomiting -Loses consciousness for any amount of time

WHY SYMPTOMS SHOULD BE REPORTED?

If an athlete has a concussion, they need time to heal. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in youth athletes can result in brain swelling or permanent damage that has the potential to be fatal.

WHAT SHOULD YOU DO IF YOU THINK AN ATHLETE HAS A CONCUSSION?

If you suspect that an athlete has a concussion, remove them from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play until a medical professional says they are symptom free and OK to return to play. Rest is the key to help an athlete recover. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional. Restaurant Knock-offs featuring Tex-Mex Fast Food

Taco Bell is an American-based chain of fast food restaurants founded in 1962, but is also a guilty late-night pleasure! Deep Dish Pizza & More

Even though I'm sure there are plenty of people who love deep dish pizzas, this food is controversial to other people. Since this pizza has a thick bread crust and is covered in copious amounts of sauce, some people think that it's more of tomato pie and isn't a true Neapolitan pizza. I, for one, refuse to take a side on this age-old debate and instead want to introduce you to a holiday called National Deep Dish Pizza Day. This day falls on April 5th annually (sorry, we just missed it, but you can celebrate anyway) and is sure to not only bring joy to deep dish pizza lovers, but also disdain from those who oppose this food. Where do you fall in the deep dish pizza debate? I guess we'll find out tonight when I prepare... *Classic Pizza Shop Salad with Fried Salami and Italian Vinaigrette*, *Chicago-Style Deep Dish Pizza*, and *Gooey Deep-Dish Individual Chocolate Chip Cookies with Ice Cream*.

The Zumba Gold Fitness program is second to none. It is an innovative, fun, and exciting program. It was designed for the active older adult, the true beginner, and/or people who are not used to exercising, or people who may be limited physically.
